

Method 1:

1. Mix borax powder and warm water together in the 30ml Measuring Cup.

(Be aware that this slime is poisonous if swallowed.)

2. Mix glue (or white glue) and water (2:5)

3. Add food coloring to the glue mixture.

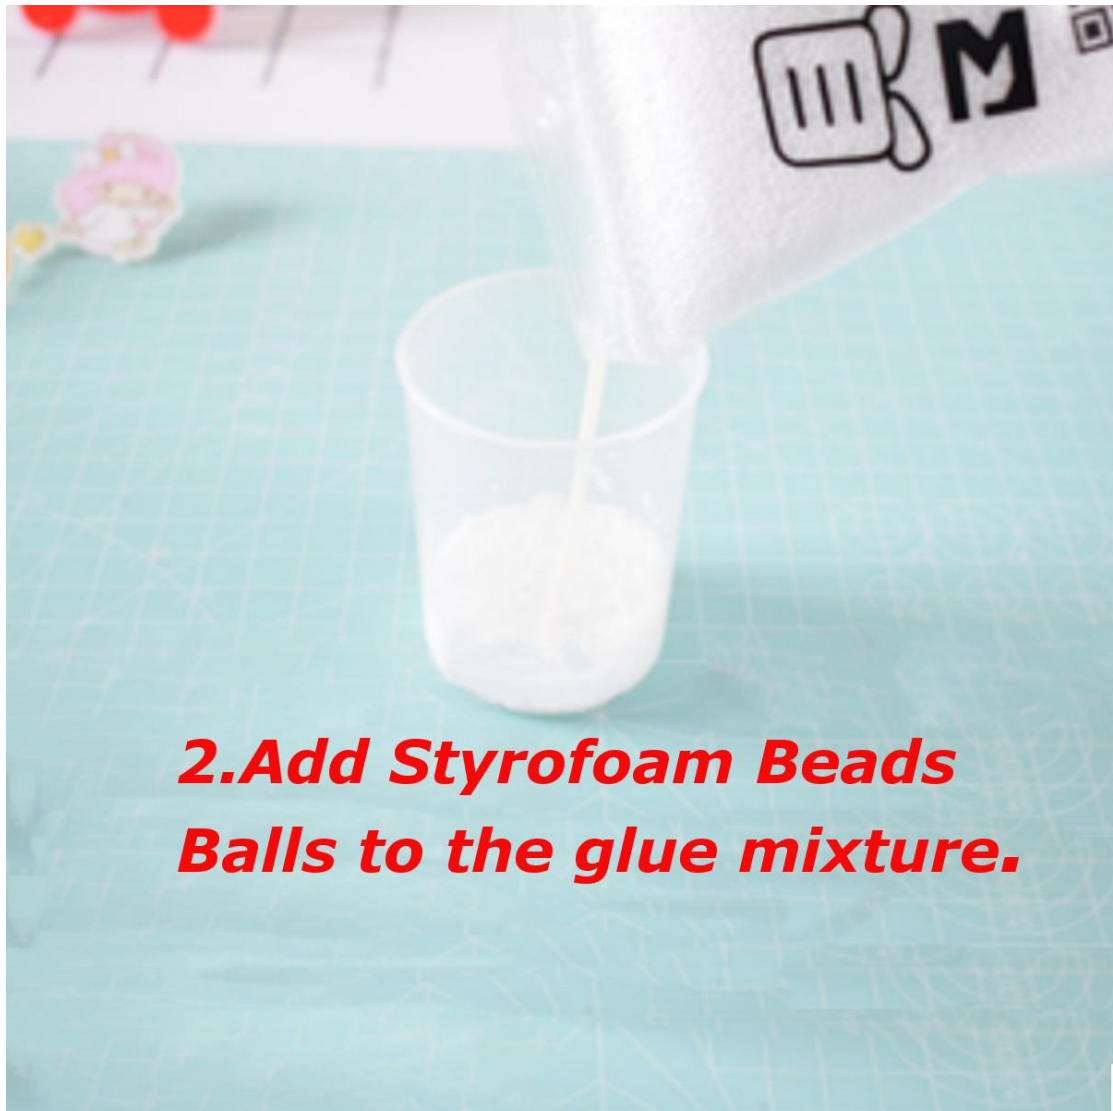

4. Combine the two mixtures. Stir them together well AND let the slime sit for 30 seconds

Method 2:

***1. Mix white glue
and water***

***2.Add Styrofoam Beads
Balls to the glue mixture.***

3. Add food coloring to the glue mixture.

4. Mix borax powder and warm water together in the 30ml Measuring Cup.

(Be aware that this slime is poisonous if swallowed.)

5. Combine the two mixtures.
