ACTION CAMERA

CAUTIONS

- Keep it safe from falling and dropping.
- Do not place heavy objects on the camera.
- Keep it distance from any strong magnetic interference objects like electrical machine to avoid strong radio waves that might be damaging the product and affect the sound or image quality.
- Keep the camera away from water and liquids (unless equipped with waterproof case). This may cause the the camera to malfunction.
- Don' t expose the product directly to high temperatures over 55°C.
- We recommend using high quality Micro SD Card for the best results. Please format the micro SD,micro SDHC and micro SDXC memory card on the camera before using and restart the camera after formatting.
- Don' t place your Micro SD card near strong magnetic objects to avoid data error or loss.
- Remove the battery before using as a dash camera.
- In case of overheating, unwanted smoke or unpleasant smell from the device, unplug it immediately from the power outlet to prevent hazardous fire.
- Keep it safety from children while on charging.
- Do not use the camera when it is low power.
- Do not use the camera while it is in charging.
- Stored the device in a cool, dry and dust free location.
- Do not attempt to open the case of the camera or modify it in any way,if the camera has been detached,the warranty will be void.

INTRODUCTION

Action Camera is a high-definition digital motion video recording device, created to reach market demand. It has a wide variety of the leading features for digital video recording, photo shooting, audio recording with screen display and detachable battery. Best suitable for vehicle recording, outdoor sports, home security, diving and more related activities. Allowing you to enjoy the moments while capturing every scene anytime, anywhere.

THE BASICS

1.Power/Mode 2.UP/WI-FI 3.DOWN 4.LENS

5.TF card slot 6.USB slot 7.HDMI 8.OK

Tips:

- * In order to capture a clear video or photo, please tear off the lens protection film of the waterproof shell before use.
- * In order to ensure the waterproof performance, please make sure that the waterproof shell whether seal well before use. If the white Silicone ring of waterproof shell can not seal well, please stop use this waterproof shell.
- * please dry it in time after use, otherwise the waterproof shell metal button will dust and reduce the waterproof performance
- * Waterproof shell is vulnerable product, we strongly recommend ,according to the usage of the environment and frequency, to replace the waterproof shell in time.
- * When use the camera with the waterproof in low temperature, such as Winter, Rainy Day, Underwater and so on, please do the anti fogging treatment so as to avoid the blurred video.
