

## **DJI phantom CNC Brushless PTZ**

Name: GOPRO3 CNC metal Brushless PTZ

Material: CNC Aluminium alloy

Motor: Model 2208 KV80 Brushless PTZ motor

Control Panel: BGC2.2 Brushless PTZ control panel

Software: BGC 2.2

Strap: GOPRO camera strap

Size: 80 x 80 x 80mm (L x W x H)

Net weight: 200g

Compatible camera: GOPRO series

Mounting plate pitch : 20mm

Battery plug type: JST plug

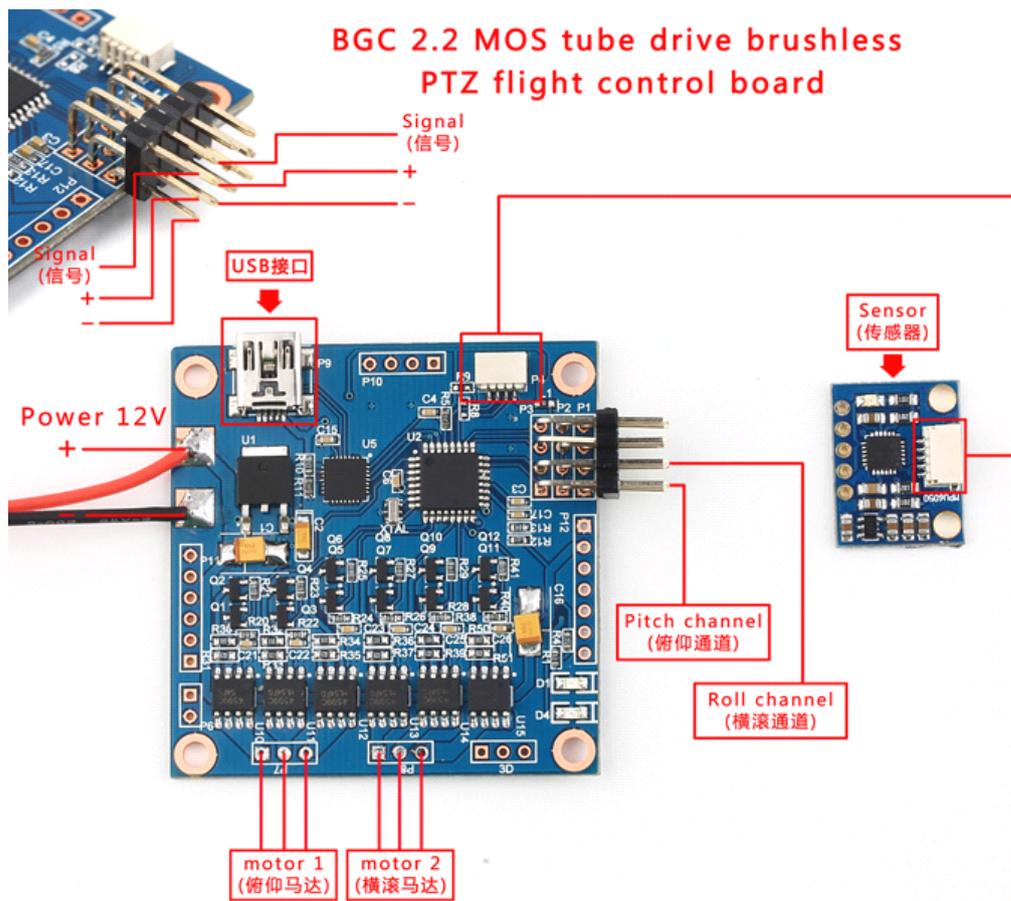

Voltage: 12V

### **How to install :**

1. Remove the damping balls, open the top cover of the mounting plate;
2. Install the top cover of the mounting plate to the bottom of the DJI phantom
3. Install the damping balls
4. Install your GOPRO camera, and fasten it with straps

### **Notes:**

Please do not energize the PTZ until the battery is mounted in the GOPRO camera which is fixed on the PTZ. Otherwise, the center-of-gravity position of the PTZ will shift, which will make the PTZ vibrate. Power supply of the PTZ is recommended as 12 V.
